Education

KIET Groups of Institutions — Ghaziabad
Master of Computer Applications — *Jul 2025 – Jun 2027*

Institute of Technology and Science — Ghaziabad
Bachelor of Computer Applications — *Nov 2021 – May 2024*

Dehradun Public School — Ghaziabad
CBSE — *Aug 2010 - May 2021*

Experience

Web Developer Intern — Jun 2026 – Aug 2026
Grantcode Software Pvt. Ltd. — *Noida*

- Developed responsive and user-friendly web interfaces using HTML5, and CSS3, JavaScript, React.js.
- Used Git and GitHub for version control and collaborative development.
- Created reusable React components and implemented dynamic features for production-oriented web applications.

Analyst — Feb 2025 – Sept 2025
Netmine Vision Pvt. Ltd. — *Noida*

- Collected, cleaned, and analyzed datasets using Excel, SQL, and Python to support business decisions.
- Created interactive dashboards and reports using Power BI / Tableau for performance tracking.
- Identified trends and patterns to improve operational efficiency.
- Assisted senior analysts in preparing weekly and monthly analytical reports.

Projects

Full-Stack Restaurant Ordering System GitHub

- Developed a responsive restaurant ordering website using React.js and Node.js/Express.js, allowing users to browse the menu and place orders online.
- Created a separate backend and REST API to handle menu data and orders, enabling the frontend to retrieve data from the server.
- Designed a mobile-first user interface using Tailwind CSS and integrated Framer Motion to create smooth, interactive animations.

RentEasee - Rental Management Platform GitHub Live

- Built a full-stack rental platform that allows users to list and discover rental properties and items, with a React.js frontend and Node.js/Express.js REST API backend.
- Implemented JWT-based authentication, user roles (owner/renter), and CRUD operations for rental listings using a modular backend structure.
- Added search and filtering by location, price, and category, along with WhatsApp integration for direct rental inquiries.

Technical Skills

Languages: Java, Python.
Web Development: HTML, CSS, JavaScript, Bootstrap, TailwindCSS, React.js, Node.js, Express.js, REST APIs.
Database: PostgreSQL, MySQL, MongoDB.
Developer Tools: Git, GitHub, VS Code.
AI Development Tools: Claude, Google Antigravity, Codex, GitHub Copilot.
Deployment: Vercel, Render.

Certificates

IBM: Python for Data Science
IBM: Ethical Considerations for Generative AI
freeCodeCamp: Responsive Web Design
